

IMAGINE FOX CITIES LIAISON

THE ROLE

Connect existing Fox Cities community organizations, groups, and associations to Imagine Fox Cities with the goal of supporting the work of these groups that help advance the Fox Cities Living Vision. This will be done by developing authentic, mutually supportive relationships between IFC and prioritized community organizations, groups, and associations. These liaisons will seek first to understand the partner organization, group or association and their purpose and goals, and then explore together how IFC can be of support in efforts that align with the Living Vision.

RESPONSIBILITIES

- Serve as a connector between IFC and an organization, group, association
- Seek first to understand the organization, group, association's purpose and goals and alignment with IFC Living Vision
- Share background of IFC, the vision, and appreciate aligned work
- Attend IFC Liaison info sessions/watch recorded zoom meetings as needed to stay on top of IFC happenings (possibly up to 1 hour commitment per month)
- Use online Toolkit as needed resource for content.
- Watch for IFC "Liaison" communications and regularly check out IFC Liaison web page for IFC updates
- Continually ask about/think about how IFC can be of support to the organization's work and share back with IFC Engagement Team
- Make connections to similar groups across the area
- Shine spotlight on their work through stories and communication
- Bring new talent and perspectives to the group
- Maintain bidirectional communication work, activities, and events of both IFC and partner entity
- Recruit additional Liaisons for prioritized organizations, groups, associations

THIS WOULD BE A GREAT FIT FOR YOU IF YOU:

- Have a humble presence and great appreciation for all people and cultures of our community
- See yourself as a "connector"
- Are already engaged in key organizations, groups, and associations
- Have a personal interest in a key organization, group or association
- Are able to see how IFC and existing community efforts are integrated
- Are a good listener AND communicator
